BASEBALL

Twin Towns 3; Westbrook 0

The Twin Towns Athletic Association held their opening Saturday afternoon, so did the weather man. The Twin Towns turned whitewash on Westbrook during five innings—the water gods slopped again over four hundred fans in the same time, and then some more.

Disregarding threatening skies, the parade comprising the Twin Towns team and the Norway-Paris Band made the rounds, winding up at the fair grounds. Rain continued to pour, but the enthusiastic procession reached the ball field, but after a brief delay everybody said "go at it" and they did. A heavy shower with a punch drove all into the grand stand soon after Umpire O'Brien started "em off. When the big end of the down-pour passed, playing was resumed until the intermittent drizzle and more showers called a halt. Both teams were soaked to the marrow and their fighting spirit all but dissolved.

The band stationed in the grand stand played during the game and did their part to offset the morbid effects of an overdose of water. That the Twin Towns Athletic Association has broken the drought is a non-debatable question. After several weeks with little or no rain in this vicinity, the inevitable hot and a big sporting event made the spot.

The attendance was large considering the rain and the Association is banking on a great outpouring of fans, not water, during future games.
All considered the game, so far as it went, was a good exhibition of clean, fast baseball. Hunt twirled splendidly and had the visitors begging for mercy. Each player in the Twin Towns line-up made a favorable impression, which will go a long distance toward making the fielding was fast and errorless, but Hunt's stuff was not solved with the bat.

Improvements about the infield has put snap into that department, and the skin diamond will speed up future contests. Runners along the side lines locate the fans away from the field and allow the players few alibis for not "getting 'em." The score:

Attraction next Saturday, June 25, is South Portland. Game called at 2:30 standard time. This will be a corker as the visitors plan to come strong. Saturday, July 2, the Fort Williams bunch will appear here. They are some fighters behind the guns and also bulls eye men on the diamond.
The Association has arranged to divide the profits for the season among the churches regardless of denomination, in Norway and South Paris.

Twin Towns Celebration Taking Form
Norway and South Paris are taking on holiday attire of flags and bunting for the celebration July 4. The Twin Towns Athletic Association, backing this patriotic event, is not asleep on the job, but wide awake in every department. We are going to have some celebration to balance up some twenty-three years of Puritan indifference. Only ten days before the glorious Fourth, therefore, commence planning for the picnic basket. Out of all Henry's Masterpieces, I take the children and the wife into your confidence, then come to the Twin Towns of Oxford County for a real time.

Official program is as follows:
8:30 A. M.—Pageant of automobiles, trucks, motorcycles, bicycles, wagons and horribles. Prizes for the best decorated vehicles.
10:30 A. M.—M. E. Buns vs. West Paris at Oxford County fair grounds. Non-Everybody eat.
P. M.—Fireman's muster. South Paris vs. Norway. Purse \$200.

"IN A BAD WAY"

Many a Norway Reader Will Feel Grateful for This Information

If your back gives out;

Becomes lame, weak or aching;

If urinary troubles set in;

Perhaps your kidneys are "in a bad way."

Doan's Kidney Pills are for weak kidneys. Ask your neighbor!

Local evidence proves their merit.

Miss L. A. MacLennan, in rear Beals Hotel, Norway, says: "My kidneys were in bad shape about three years ago. I suffered terribly from backache and often at night I had to get out of bed and walk the floor, trying to get ease from the pain. My head ached at to split. My sight blurred and my kidneys were irregular and in my case showed they were at fault. As Doan's Kidney Pills had been used in my home with good results, I decided to get four boxes at Noyes' Drug Store. After I had finished taking them I was cured. I have often spoken to others about what Doan's Kidney Pills did for me and recommend them at every opportunity."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss MacLennan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

At the home of Mr. and Mrs. Arthur P. Verrill occurred the marriage of their daughter, Mildred Christine, to Daniel Herbert Johnson of Auburn on Wednesday, June 15th at 3 o'clock. The ceremony was performed by Rev. C. G. Miller of South Paris who used the double ring service. The best man and bridesmaid were brothers and sister of the bride, Reuben P. and Martha A. Verrill. The ring bearer was a nephew of the bride, Helva Francis and the flower girls were Clarice E. Verrill and Mildred E. Bryant, a sister and niece of the bride. The ceremony was performed under an arch of evergreen from the center of which hung a wedding bell of white. To the strains of the wedding march from Lohengrin played by the bride's sister, Olive L. Verrill, the bridal party took their places. The bride was becomingly dressed in a gown of white crepe-de-chine satin with long train and a hat of georgette to match. She carried a bouquet of white peonies. Her traveling suit was of navy blue serge with hat to match. The bride was given in marriage by her father.

The guests beside the immediate family included Mr. and Mrs. George Jordan and Mrs. Ada Jordan of Mechanic Falls and Mrs. Guy Bryant and children.

At eight o'clock a reception was held and many friends and relatives were present and they were the recipients of many beautiful and useful presents. Ice cream and cake was served. FROM REMOTEST PARTS OF THE GLOBE

Tanlac Elements Come From Many Lands Far Away From Here

The ingredients from which the celebrated medicine Tanlac is made, come from remote sections of the earth, are transported thousands of miles over land and sea to the great Tanlac Laboratories at Dayton, Ohio, and Walkerville, Canada.

The Alps, Appennines, Pyrenees, Russian Asia, Brazil, West Indies, Rocky Mountains, Asia Minor, Persia, India, Mexico, Columbia and Peru are among the far away points from which the principal properties of this remarkable preparation are obtained.

What is said to be the largest pharmaceutical laboratory in the United States, has been completed at Dayton, Ohio, for the manufacture of Tanlac, which, according to recent reports, is now having the largest sale of any medicine of its kind in the world; over 20,000,000 bottles having been sold in six years.

The new plant occupies 60,000 square feet of floor space and has a daily capacity of 50,000 bottles. Uniform quality is guaranteed by a series of careful inspections by expert chemists from the time the roots, herbs, bark and flowers are received in their rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled, labelled and shipped out to tens of thousands of druggists throughout the United States and Canada to supply a demand never before equalled by this, or any other medicine.

Tanlac is sold by L. Clark Drug Co., Norway; Stowell Bros., Locke's Mills; R. E. Pinkham, East Waterford; W. H. Brown, East Stoneham; Heald, Stearns & Kimball, Lovell; H. L. Hutchins Co., North Fryeburg; L. R. Rounds & Co., Waterford, and P. G. Barrett, Welchville, Me.

The Lure of BIRTH STONES

JUNE

To have been born in June is to wear the pearl as a birthstone. A necklace of pearls is accredited with magnetism of drawing to one as many friends as there are stones in the necklace. In the Arabian Nights Prince Persis gave his sister Persis a necklace of pearls that are like unto moons chained with rays of silver. To her he said, "So long as the pearls move on the chain, all is well; if they stick, 'twill be in dire need of thee."

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

Which one of your neighbors gets the best mileage out of his tires?

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "there's a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a *quality standard tire*.

It all comes to this—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter what weight car you drive.

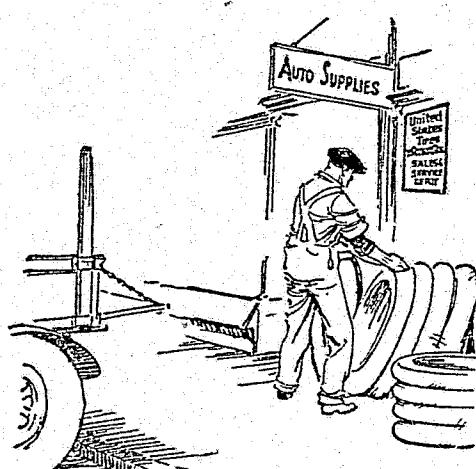

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is *concentrating* on a full, completely sized line of U. S. Tires.

For the first time he will hear some straight *quality tire facts*—and get the difference between chance and certainty in tire buying.

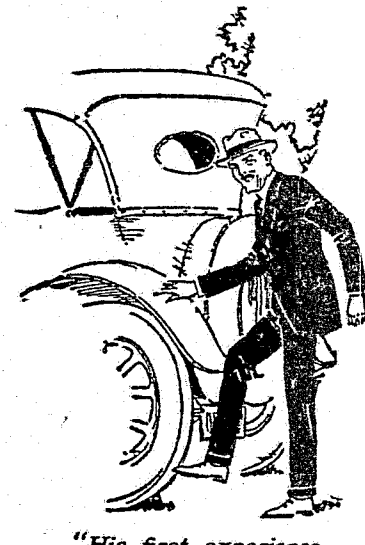

The U. S. Tires he sees in stock are *fresh, live tires*. They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of *quality first* every time

HARTFORD

Funeral of Wilder E. Marston
A funeral was held Friday, June 17, at the M. E. Church for Wilder E. Marston, who died in the service while in France in August, 1918, and whose body was brought home, June 14th.

He was wounded during the battle of the Marne, July 22, 1918, and taken to a hospital where he died August 18, less than a month, at the age of 23. The Earl Marston Post of Canton and a squad of nine from the Dixfield Bugle Co. and members of the Rifle Corps of Rumford attended and escorted the body from the house to the church and from the church to the grave in Maple Grove Cemetery.

Rev. F. M. Lamb conducted the services at the church and the different corps held military services at the grave. There was a large attendance. The casket at the church lay in front of a high bank of evergreen and was draped with the flag. The flowers were many and beautiful. This is the second son of Mr. and Mrs. A. G. Marston who died in the service.

Children's Day exercises were held in the church, Sunday, June 19th, and were very interesting and largely attended. The church was beautifully decorated with flowers and evergreens. A number of children took part and did very well.

Mr. and Mrs. Wm. Morse of East Oxford have been visiting at the homes of her brothers, A. G. and J. C. Marston, the past week.

Mrs. Mary Johnson of Canton is visiting at A. G. Marston's.

Julia Bryant who has been ill a long time, is better.

A Lift for Bridgton Academy

The old academy seemed to take on new life during commencement week which opened with the baccalaureate sermon, helpful and inspiring, by Rev. Robert J. Bruce of the St. Lawrence Church, Portland.

The tennis finals of Monday were snappily played and were followed in the evening by the Junior reception to the Seniors in Ingalls' Hall. This was a dainty and happy affair, enjoyed by students, friends and many alumni. Judge Henry Savage of Boston, a student here in the early 50's arrived that evening. Next morning, with his old schoolmates, Marietta Griffin and Mrs. Josephine Griffin Cook, he walked the streets of the village, noting changes and improvements since his boyhood days. At ten o'clock he presided at the meeting of the Board of Trustees but was obliged to leave immediately after, owing to illness of his daughter, much to the regret of all who hoped he would present the diplomas to the graduates.

Wednesday morning found Academy Hall filled with friends of the graduating class who appreciatively listened to the witty class parts and well written commencement essays. While all reflected the good work of the school and the ability of the writers, we would beg to be excused if we mention the prophecy of Gladys Moulton and the valedictory of Elizabeth Hamlin Saunders, which were poetical and hence out of the common line for such parts.

One hundred and sixteen sat down to the fine banquet at Ingalls Hall. Great interest in the old academy was manifested during all the exercises of commencement week and enthusiasm increased as the days passed till it culminated in the post-prandial exercises of the alumni banquet which were most gracefully presided over by Hon. B. G. McIntire. Responses were made by E. N. Stevens, E. V. Spooner, A. G. Spear and Dr. A. G. Hebb for the trustees, Mrs. Celia Stuart Sanborn for the visiting alumni and H. H. Sampson, principal of the academy. At this time were reported by Ernest N. Stevens gifts to the school of more than \$2,500.00 toward the emergency fund. One thousand more was raised in less than five minutes during these exercises. The ball was set rolling by J. E. Bird's offering to give \$100 if nine others of Bridgton would do the same. They did.

We would beg leave to mention the generous gift of Mrs. Wilbur and Mrs. Hagar, a gift in memory of their father and mother, Dr. S. Loton and Mrs. H. Elizabeth Mead Weston, both of whom were brilliant students of the academy and active alumni. Dr. Weston was a trustee and member of the prudential committee for many years.

Dr. Edward H. Lincoln of Boston, formerly of North Bridgton, has with his wife and two friends been passing a few days at the Wyonegonic Inn. He expresses himself as much pleased with his entertainment at the Inn.

Mrs. A. A. Hamblin with her mother, Mrs. Caffee of Washington, D. C. and her two boys, have come to spend the summer in the Hamblin cottage, Long Lake Lodge. Dr. Norris and wife have also arrived.

Mrs. Paisley has arrived at her camp for the summer.

L. E. McAllister, S. C. McAllister and Everett McAllister motored to Stow, Sunday.

Mrs. Olive Hutchins, Mr. and Mrs. C. A. McKen, Marguerite McKen, Mr. and Mrs. F. A. Charles, Perley Morrison and wife and several others, all of Fryburg, were at Mrs. McKen's and Mrs. Hutchins' old home here recently. They had a picnic lunch and enjoyed the pleasant outing.

Mrs. Almada Rogerson and two children of Berlin, N. H., are visiting relatives in this locality.

Elmer Davis has purchased the Alvah Gammon place recently vacated by Fred Warren.

Wm. Sanborn of Stow is heading at Perley McKen's doing mason work in this vicinity.

George Mills has bought the Marshall Evans place and will move in this week. Mr. and Mrs. Ellis and family of Berlin, N. H., visited at H. W. Palmer's, Sunday.

Mrs. Wildburger, who has visited her son, Frank Wildberger and family at Paris has returned to her home here. While she was away her daughter, Mrs. Lucy Adams, and Annie Wildberger put her house in nice order for her, painting and papering the rooms, putting down carpets and new curtains, etc. She was agreeably surprised when she entered the house and found everything in such nice order.

Petro-Tan

SCRATCHES: An inflammatory condition of horses, extending in under the fetlock to the hock or knee. Caused by dry, dusty roads, over feed, exposure to wet and mud, poor circulation, or weak kidneys, or from other causes. Varies from a slight swelling and soreness to a raw, open sore with intense pain and lameness. Treatment is external to the affected part.

To those who have horses affected with scratches, we recommend that they try Petro-Tan. In severe cases, it is well to smear Petro-Tan on cloth or gauze, then bandage it over the part for a few applications. Reports which are received right along testify that Petro-Tan removes the soreness, heals quickly, and is economical to use. Also for boils, chafes, cuts and other wounds.

Sold by Druggists. 25c, 50c and \$1.00

Your Last Year's Straw is Without Doubt Still Good For the Garden

This Year

There is such a vast difference between this year's Straw styles that to correct this summer you will either have to buy a new hat—or spend all your time raising vegetables. You won't be able to raise much else if you insist on bringing last year's bonnet south of the back stoop.

Narrower brims—broader crowns—new placing of bows and bands.

It looks as though the manufacturers had made the change simply to make you change.

But cheer up—there's comfort in the new prices.

Norway and Vicinity

(Continued from page 1)

Lieut. Swan, the Biplane Navigator, Here Reuben U. Swan of Gorham, N. H., formerly a Lieutenant in the Aviation Corps, was in town, Tuesday, endeavoring to negotiate a contract with the Oxford County Agricultural Society for stunt flying during the County fair in September. No contract has been secured as yet.

Lieut. Swan did the air work here during the fair, last year, and carried many passengers. He was handicapped in showing his "thriller" by a new H. Curtis biplane, which had been in his possession only a short time, and therefore not taking chances with any concealed weakness. This season the 150 H. P. Hispano-Suiza motor is working beautifully and he expects to show real war stuff while fulfilling flying contracts.

His plan is to use Charles Pride's meadow on the extreme end of Cottage street for landing and take off. Last season, being forced to land two miles and more from town, sightseers failed to gather in any considerable numbers about headquarters. With the big biplane close by, considerable enthusiasm will undoubtedly be created and many interested in aircraft might secure a close-up study of the "bird."

Lieut. Swan has a mechanic, this season, who is in full charge of repairs and upkeep. Mrs. Swan is his assistant in business matters while he is in the air. They have a long list of bookings and will keep busy until October or November.

Possibly the trustees may decide to sign up this attraction, if not, he may be here independently for commercial flying during fair week. An advertising stunt is one of his features wherein the countryside is buried under printed matter dropped from an altitude of a thousand feet.

Professor Baker Dead

Another old time entertainer has made his last exit. "Prof. Baker" of Brunswick, formerly of Lewiston, died in Brunswick last week after several years of failing health. Thus passes from the stage one of the most eccentric entertainers of the old school, and a personage brimming over with good nature and fun.

For many years he has "swallowed" lighted cigar butts while giving an imitation of a locomotive in pool rooms, on fair grounds, in excursion trains and other places where coin would be forthcoming. He was a natural comedian, singer and jokesmith, ever appearing in the ancient frock coat and plug hat.

The either and harmonica were the favorite instruments to accompany his line of "chatter."

His age is believed to be 80 years, although he never knew, having been born in slavery.

Drs. Drake and Easton installed a Ritter X-ray machine in their office Wednesday. It is intended for dental work, but the usual examinations and photographs required in general surgery can be done.

Members of the Commandery will note the change of time for meeting at Masonic Hall Friday morning. Gather promptly at 8:30 to meet the special from Portland, reaching here about 8:45.

Florence Marston, Mrs. Annie Holt and daughter Ruth, have gone to Waterford to work at the Lake House for the summer.

The Y. P. C. U. meets Sunday evening at seven o'clock. Topic: The Influence of the Church.

The annual picnic is to be held at Gibson's Grove, Tuesday, June 28. All members of the parish are invited to attend. Basket lunch at noon. Automobile transportation will be furnished. Members of the parish having cars which may be used for this purpose will notify the committee. Time of leaving for and returning from the grove will be announced Sunday. Mr. and Mrs. Frank A. Knight of Manchester, Mass., were at the cottage over the week-end. Mrs. Knight will return for the Fourth of July and remain for the remainder of the summer.

Mr. White of Lewiston is closing his engagement as chief accountant at the office of the Oxford Electric Co. and Marguerite Frost, who has been assistant some months, will succeed him.

Louise Thomas will be the assistant. The Hassan Paving Co. commenced operations, Wednesday, on the concrete highway, where the Kerr Construction Co. finished their contract. Road making will continue from the Darius Sanborn place toward Fore Street school-house.

The "Oxford Bear" fire engine has been repaired and touched up with paint for the fireman's muster, July 4. The crew got too much pep into the action during a recent practice game and put the engine out of commission.

L. W. Cushman is putting in a foundation for a coal pocket and loading platform on his lot adjoining the shoe shop branch track.

Mr. and Mrs. Earl Boyd have gone to Kingman for the summer at their former home. Mr. Boyd, who has been submaster at Norway High school, goes to Ashland, N. H., this fall, to teach.

Elmer Hussey, principal of the High school at Winthrop, returned home, Saturday, and will remain on the farm with his parents, Mr. and Mrs. Horace Hussey, this summer, and assist with the farm work. He was accompanied by one of the graduates, Mr. Spink, for a week's vacation.

Mr. and Mrs. N. Edward Carroll were at Sanford, Sunday, to see their daughter, Mrs. Ruth Carroll, Shaw. The Shaw farm buildings were burned the past week, but luckily no lives were lost and the household furniture was saved.

HUDSON

Offers These Important Qualities

Special Notice To Fine Car Buyers

Hudson beauty is prized by all owners. It even dictates the choice of many. But to most who know Hudson its chief charm must always be quietness of action and ease of control.

So smooth the response to throttle and wheel there seems no mechanical intervention between the driver's will and its accurate execution by the Super-Six.

What the Old Hudsons Tell

Every day you see Hudsons two and three years old which in both performance and style might well be judged of recent production.

Hudson design has never been guided by caprice. It has never resorted to dubious extremes. It has been too sure of what are the essential per-manencies of beauty, dignity and true riding comfort.

The advance ideas you will always find. But every idea must earn its right to belong. No mere

straining after something new has ever won place for a single feature of Hudson design.

Thus has developed a mechanical quality that well-nigh removes all consciousness of motor and other mechanism.

A New Meaning in Economy

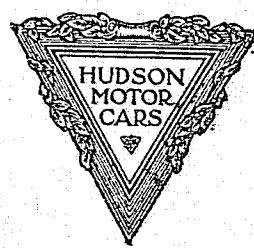

And with it has come an economy in operation that asserts itself not alone in low fuel cost but more particularly in reduced maintenance expense. Owners experience no concern about Hudson's readiness to meet any requirement. Whether it be the instant throttle response needed to shoot the car out of a possible traffic jam, or the ability to go on tour across the continent, the Super-Six in countless ways has proved its fitness. The Super-Six motor is exclusive and everyone knows how it excels.

Best of all, these qualities are not of today's accomplishment. They have been notably Hudson's for five years.

Why Pick On Your SHOE DEALER

It is a well known fact that tanners and most shoe manufacturers have taken enormous losses. One tanner alone lost \$6,000,000.00 last year. Shoe retailers all over the country are marking down their shoes to replacement cost. Nevertheless, the woods are full of amateur economists WHO CLAIM PRICES OF SHOES WILL SHORTLY RETURN TO PRE-WAR LEVELS, BUT WILL THEY? YES, THEY SURE WILL:—

- When hard coal is back at \$9 per ton;
- When railroad fares are back at 2c per mile;
- When house rent is back at \$10 per month;
- When gasoline is back at 10c per gallon;
- When telephones are back at \$1 per month;
- When a square meal is back at a quarter;
- When farm labor is back at \$25 per month;
- When gas is back at 90c;
- When shaves are back at 10c;
- When the freight from N. Y., now \$1.84, is back at 97c;
- When street car fares are back at a nickel;
- When money is back at 5 per cent;
- When cooks are back at \$5 per week;
- When hair cuts are back at a quarter;
- When movies are back at a nickel;
- When a car-wash is back at a dollar;
- When ice cream is back at a dime;
- When a doctor's call is back at one buck;
- When a newspaper is back at a penny.

For the love of Mike, why expect the manufacturer, wholesaler and retailer of shoes to go the route alone? Aren't we Americans all in on this proposition together? Haven't we got to work it out together? Well, then, haven't the manufacturers, wholesalers and retailers of shoes gone much faster and much farther than the average in reducing prices and making readjustments? WE'LL SAY THEY HAVE. We're ahead—way ahead of the procession. Now let the barbers and the movie houses, and the Standard Oil, and the soft drink parlors, and the landlords, and the hotels and restaurants, and the draymen, and the bankers cut THEIR prices and catch up with the shoe men.
